

### **Notification of Acquisition – 22<sup>nd</sup> March 24.**

Cullum Detuners Limited (“Cullum”) are pleased to announce the 100% acquisition of Jade Insulation Ltd, who have premises in Rotherham and Feltham.

Mark Jansen, Cullum Group Managing Director stated that “this acquisition supports our long-term goal of wider market diversification and business simplification. Jade complements our Group product offering well, and we believe we are well placed to support the incumbent leadership team’s growth goals and aspirations. I would like to thank Colin Tarry and Peter White, for their support during what was a smooth and collaborative sale process and wish them both the best for the future”.

Jade will remain a dedicated trading entity, with no plans to integrate into the wider Cullum Group.

Jade Insulation specialise in insulation and trace heating solutions for all industrial markets, emphasizing water utility and waste to power (biomass).
